

KAUSTUBHA UDYOG

Quality Policy

Our aim is to design, manufacture and deliver in time, feature rich, reliable Pressure, Vacuum, Temperature Switches and IIoT Enabled Smart Gauges for Hazardous and Non-Hazardous applications that help our customers be cost effective and competitive.

We intend to achieve this goal by

- ✓ **Listening to customers' and interested parties' needs and expectations**
- ✓ **Designing products to suit customers' requirement**
- ✓ **Adopting requisite means for improving productivity and simplifying distribution and redistribution methods and policies.**
- ✓ **Complying with the requirements of Quality Management System as per ISO 9001: 2015 and ISO/IEC 80079-34: 2018, ensuring continual improvements in its effectiveness.**
